ASSEMBLY PLANS ABOUT COMPLETE

Program For This Year's Chautauqua is Finished Except Two Numbers Which Are Open

MAY HAVE POLITICAL DAYS

Charles E. Watkins, "Human Engineer," Will Open Assembly With Two Addresses Aug. 8

The program for the annual Rush county chautauqua, which will be held at the coliseum in the city park August 8 to August 15, has been completed with the exception of two numbers which are yet to be engaged. These two places have been left open for the reason that it is planned to make political days of them if the scheme meets with the general approval of the patrons of the assembly. Members of the program committee have talked with a number of the leaders of both the democratic and republican parties in Rush county and have found very little if any opposition to the idea.

The program committee believes that the plan is a good one, in view of the fact that this is presidential year, and there is an unusual amount of interest in the election. The leaders of the two parties have agreed to provide a speaker of national reputation on both republican and democratic day to present their cause to the chautauqua audience.

No special number stands out prominently on the program for this year, but every day promises a fine lot of entertainment and instructive lectures.

The program opens on Sunday with two concerts by the Hadley Concert company, and two lectures by Charles E. Watkins of Muncie, a "welfare engineer" and eleventh district president of the International Association of Rotary clubs.

Mr. Watkins needs no introduction in Rush county and a large audience is assured for him because of the reputation he already has here. It will be remembered that Mr. Watkins made such wonderful impression when he spoke twice here on Farmers Day in March. He had previously been heard by members of the Rotary Club of Rushville who praised him highly as a speaker of great charm and eloquence. His two subjects will be "The Faith of Our Fathers" and "The Lordship of Jesus."

The Hadley company is headed by

AVERAGE GAIN POUND EACH

Results of Milk Feeding at Havens School Announced

Pupils of the primary grade of the Havens school, who have been given a pint of milk a day for the last three weeks, made an average gain in weight of one pound each, it was announced today.

The visiting nurse, Miss Ruth Gronier, weighed all of the pupils when the milk feeding was started, and yesterday afternoon all of them were weighed again. While some children did not show a gain, enough showed a gain of more than a pound to make the average a pound. The milk feeding will be continued next year on a larger scale.

BLAME FOR MURDER PLACED ON HERRERO

Six Commissioners Appointed to Investigate Assassination of Gen. Carranza Report

ASK FOR FORMAL HEARING

(By United Press)

Mexico City, May 26.—Blame for the assassination of General Carranza has been definitely placed upon R. John Herrera and his followers, in the report made today by six commissioners appointed by General Obregon to investigate Carranza's death.

The commissioners in making their report urge that a formal hearing be held, declaring that such action is necessary to establish Herrera's motive as well as to determine the conduct of Carranza's cabinet members, his followers and defenders who accompanied him in his flight.

Herrera carefully planned his coup by getting Carranza's confidence which he then betrayed. The report returned by two men appointed from the staff of General Obregon, and two representatives of Gonzales' staff said Herrera attacked the former president's hut from all sides. The commission was unable to explain how the other occupants escaped injury.

TODAY MARKS CLOSE OF RUSHVILLE SCHOOLS

Pupils Return This Afternoon For Promotion Cards and Commencement Will be Held Tonight

SUPT. LLEWELYN TO SPEAK

Today marked the close of the schools in Rushville. Pupils, having finished their work yesterday, returned this afternoon for their promotion cards and said farewell to studies for three months.

The commencement exercises tonight will terminate the high school career of thirty-seven high school pupils who will be graduated. The class is composed of thirty girls and seven boys, and although not as large as some graduating classes have been, it is very close to the record for the school in number.

The commencement address will be delivered by E. J. Llewelyn, superintendent of the Newcastle schools who is well known here by reason of having served as platform manager of the chautauqua last year. The exercises will begin promptly at eight and music will be provided by the high school orchestra and Miss Mabel C. Cornwell, soloist.

4,000,000 POUNDS OF SUGAR

Chicago, May 26.—Sixty-two cars of sugar, totaling nearly 4,000,000 pounds, are lying on the Illinois Central railroad tracks in Chicago, according to a report by District Attorney Clinton C. Ames.

The Senior class colors were purple and gold, the class motto was "Finished, Yet Beginning." Sweet peas were the flowers adopted by the class. The Rev. E. T. Taylor of Glenwood pronounced the invocation and benediction, and the Rev. Mr. Black delivered a practical address to the large class.

The high school graduates were Vera Freeman, Freda Custer, Ceceil Whittom, Eva Richardson, Dorothy Dawson, Ava Ginz, Jessie Davison, Barbara Lovejoy, Walker Darbenstock, Clifford Patton, Stewart Taylor, Arthur Saxon and Raymond Johnson. E. B. Jones, principal of the school, stated that quite a number of the graduates will enter college, while others will go into business or take up various trades.

PART OF LEVER LAW HELD INVALID

QUASHES 13 OF 18 COUNTS

(By United Press)

Federal Judge Anderson Rules Sections 4 and 26 Are Unconstitutional in Indianapolis Today

Upholds Section 9, Refusing to Dismiss Other 5 Charges in Miners and Operators Case.

(By United Press)

Washington, May 26.—The government today asked the supreme court to hear arguments early next October in the case involving the constitutionality of the profiteering sections of the Lever law.

The request followed the decision of Judge A. B. Anderson on sections 4 and 26 of the law, which he declared were unconstitutional.

Indianapolis, Ind., May 26.—Declaring that sections four and twenty-six of the Lever law are unconstitutional, Federal Judge A. B. Anderson today sustained a motion to quash 13 of the 18 counts in the indictments charging 125 coal miners and operators with violation of this law.

The court upheld the constitutionality of section 9 of the law, however, and overruled a motion to quash the five counts under it.

Charles Evans Hughes, acting for the miners, filed a demurrer to the five counts upheld by Judge Anderson.

Hughes based his demurrer on the allegation that section 9 from which the counts were drawn, was too general and did not sufficiently specify the statutes on which to base indictments.

Judge Anderson took the demurrer under advisement.

Section 9 deals with the conspiracy to limit production of necessities.

Section 4 which is held unconstitutional by Judge Anderson, prohibits the charging of unjust and unnecessary rates in prices.

This section was added to the law last summer by an amendment submitted by Attorney General Palmer.

Section 26 prohibits the combinations formed to limit the supplies and necessities of life.

Farmers and co-operative societies are excepted from the actions of this section.

This means that prosecutions will be resumed under counts charging conspiracy to limit the production of coal.

The court's opinion was that sections 4 and 26 were repugnant to the "due process" clause of the fifth amendment to the constitution.

It held, however, that section 9 did not contain any of the other discriminations such as unfairness, wastefulness, unjustice or excessiveness and was not void.

Section four was held insufficient because no penalty was provided for it. The penalty is not more than a \$10,000 fine and not more than two years' imprisonment or both.

Section 26 applies to a certain class, the court held, and therefore is class legislation.

The motion to quash was filed by Charles Evans Hughes, representing the miners and operators from Indiana and Pennsylvania.

Miners from Illinois and Ohio did not appear in court today.

FORWARD MOVEMENT STARTS

Huntington, Ind., May 26.—The Oberlein Forward Movement of the United Brethren in Christ church, which has a publishing establishment and college in this city, was formally started here Monday when the executive council elected by various boards of the church held a meeting.

BABY BOY IS BORN

Word has been received here of the birth of a baby boy born Sunday evening to the wife of Floyd Breckinridge of the First O. B. M. Breckinridge was formerly Miss Mary G. Gandy of this city.

There is no evidence of boarders according to the report of the sheriff of Fayette county. On May 30 at 8:30 p.m. the everyone in the community turned out to see the

PROCTOR LOANED \$500,000, HE SAYS

Financial Manager of Wood's Campaign Testifies he Contributed \$10,000; Then Made Advance

GIFTS ARE DISAPPOINTING

Burden Fell on Him, Witness Says in Senate Inquiry—Palmer's Manager on Stand.

(By United Press)

Washington, May 26.—William Cooper Proctor of Cincinnati, financial manager of Major General Leonard Wood's campaign, testified before the senate campaign fund investigating committee today that he had contributed \$10,000 to Wood's campaign and had later advanced \$500,000 of his own money.

Proctor followed C. C. Carlin, Attorney General Palmer's manager, on the stand. He told of Wood's campaign and of his advising him to go into every primary preliminary, therefore showing how Wood's campaign was managed.

Proctor told the committee that Wood decided to obtain organizations all over the country.

The whole campaign was based on publicity. He told how most of the funds were collected and spent.

"The contributions have been very disappointing," he said. "The burden of the campaign has fallen on me."

"I contributed \$10,000 and have since advanced \$500,000 of my own personal money. My advance totaled more than eight contributions."

Carlin submitted a detailed account of Palmer's receipts and expenditures.

Carlin said he did not know that federal officials of the department of justice employees were working for Palmer and said he knew of only two federal officials claiming to be for Palmer.

In answer to a question asked by Senator Kenyon, Carlin denied that he was counsel for the Crucible Steel Company but said he was counsel for Depui for that company.

The committee went into the Hoover campaign thoroughly yesterday with John F. Lacey, of New York, as the principal witness.

Section 26 prohibits the combinations formed to limit the supplies and necessities of life.

Bernard M. Baruch, though summoned as a manager of the campaign for W. G. McAdoo for the Democratic nomination declared his complete detachment from political activities in behalf of any candidate whatsoever, and announced himself a private citizen without political or governmental association.

Governor Edwards, Senator Owen and Senator France also were heard from.

WILL NOT AFFECT H. C. L. PROSECUTIONS

Assistant Attorney General Says Anderson's Decision Will Not Stop Fight to Cut Living Costs

HOLDS ONLY IN THIS DISTRICT

(By United Press)

Washington, May 26.—The decision of Federal Judge A. B. Anderson of Indianapolis, knocking out part of the Lever law, will leave unaffected the campaign of the justice department to reduce living costs by proceedings against profiteers. G. B. Ames, assistant attorney general, said here today.

Ames is in charge of probes under the Lever act in connection with proceedings and strikes.

Judge A. B. Anderson took the teeth out of the law, said Ames. His decision, however, will be effective only in that district.

The same provisions have been knocked out in the law in the other districts but in each the justice department appealed to the United States Supreme court which is expected to take up the appeal early in the October term.

Meanwhile the justice department will continue its efforts to reduce living costs where the law has been held unconstitutional.

MANDATE QUESTION IS UP

Expected it Would Not be Considered Until After Recess

Washington, May 26.—President Wilson's request for authority from the congress to accept a mandate from Armenia today was before the house foreign affairs committee. Secretary Colby was expected to appear and explain in detail the President's request.

Call for the meeting was issued last night by Chairman Porter after members had gained the impression that the whole question would be permitted to lie over until after the convention recess and therefore it came as a surprise.

BEALE BROTHERS ARE AWARDED A CONTRACT

Will do Plumbing and Steam Fitting Work on Annex to Masonic Home Administration Building

APPROXIMATE COST \$21,000

Beale Brothers of this city have been awarded the contract for the steam fitting and plumbing of a new building to be erected at the Indiana Masonic home at Franklin. The contract will amount to about \$21,000.

McGuire and Shook of Indianapolis are the architects for the structure, which will be a dormitory annex to the administration building. The contract for the general construction work was let to Roy C. Bryant of Franklin for \$124,671 and the Hattfield Electric company of Indianapolis will install the electrical fixtures at an approximate cost of \$4,000. Beale Brothers also had the plumbing and steam fitting contract on the girl's dormitory which was the last building erected at the home.

Ground for the construction of the annex will be broken the last of this week or the first of next. The automatic pumping station, which was to have been installed during the erection of the annex was postponed for a time by the trustees.

Canadian "ACE" to PILOT MACHINE HERE

Major Lockwood Will be Here on Thursday and Friday to Take Passengers in the Air

LANDING FIELD ON ROOT FARM

Major Lockwood, a Canadian "ace," possessor of a Distinguished Service Cross and a decoration from the British government, will be here Thursday and Friday to pilot an airplane in which passengers will be taken. Arrangements have been made for a landing field on the W. D. Root farm a mile south of Rushville and persons who wish a trip in the air will be accommodated by visiting the field any time for the next two days.

G. A. Hulley, a representative of the Service Aviation company of Wabash, Ind., was here yesterday and completed arrangements for the appearance of the ship. He said ships owned by the Indiana company had made thirty-five thousand flights with passengers in the south during the winter without an accident. It will be remembered that an airplane owned by this company was here last summer and made a number of flights with passengers.

Major Lockwood is a Hoosier, being a native of Kokomo, Ind., but joined the Canadian air service early in the war and became an "ace." He received a Distinguished Service Cross from the Prince of Wales at Washington, D. C., when the prince recently visited the United States.

Just what the officers found out about the sale of moonshine whiskey is not known but it is said that they were "tipped off" before coming here, and remarked that the local officers should watch liquor violations and do their duty, or else the federal officers would come in and take them in hand.

STATE COMMITTEE MEETS

Indianapolis, May 26.—Plans for their fall campaign were discussed by members of the state committee here today. This is the first since the state committee met in Indianapolis prior to the election of 1920.

Meanwhile the justice department will continue its efforts to reduce living costs where the law has been held unconstitutional.

Meantime the justice department will continue its efforts to reduce living costs where the law has been held unconstitutional.

Meanwhile the justice department will continue its efforts to reduce living costs where the law has been held unconstitutional.

TUESDAY

WOOL POOL OF FOUR COUNTIES FAILURE

Cash Bids Are All Withdrawn After Farmers Arrange to Sell Holdings Together

DEVELOPMENT OF INTEREST

Rush County Farmers Will Meet Here Tomorrow Afternoon to Accept Bids on Crop

In view of the fact that Rush county farmers will meet at the court house Thursday afternoon to accept bids on their wool, which is to be sold in one lot, the story from Newcastle that the wool pool of Henry, Delaware, Randolph and Madison county hit a snag, is of particular interest here. All cash bids were withdrawn at Muncie, where representatives of the farmers of the four counties met, but an offer was made to take the wool, a small advance to be made and the sale not to take place until a later date.

When announcement was made last week of the proposed wool pool of Rush county farmers, it was stated that bids were on file, but whether the same thing will happen here as took place at Muncie, is not known at this time. The following from the Newcastle Courier explains the reason for the sudden change in the attitude of the wool buyers:

No cash bids were received for the wool pool of Madison, Delaware, Randolphs and Henry counties at the meeting held Saturday night in Muncie. Unsettled economic conditions were assigned by the wool dealers as the cause of withdrawing all cash offers.

In the meantime, Ralph Test, county agent, urges all farmers of the county, who signed up for the pool to hold on to their wool and not dispose of it as the committee in charge of the wool pool feels certain the venture will eventually prove successful. A meeting will be held in all townships Thursday night of this week when the plans will be thoroughly discussed and the Muncie meeting explained in detail to the farmers. Letters were sent out today telling of the Muncie meeting and giving the reason for the withdrawing of all cash offers.

A month ago several fine offers for the wool clip of the county were made, but all of these offers were

withdrawn when bids were asked Saturday night. The commission men and wool men gave as the reason the unsettled market and economic condition now existing and a flurry in financial circles.

One firm, however, submitted an offer to the farmers and this offer was made known in the letter sent out by the county agent today. A firm in Boston will handle the wool clip on a commission of four and one-half per cent, advancing the farmers the sum of thirty-eight and one half cents a pound for the wool, this money to draw eight percent interest until the wool is finally sold by the commission firm.

This commission firm will place the wool and in case the farmers do not need the money, final payment will not be made until the final sale is made. In case the farmers desire the money it will be advanced to them. Then when sold the commission firm is to get interest at eight percent for the advance payment and the sum of four and one-half percent as a commission basis. Many farmers today declared their opposition to this plan, stating they favored a straight out and out sale.

The wool men say market conditions are too uncertain to offer cash prices for so large amount of wool. They point to a declining market.

It was also stated today that the price the farmers would receive this year would be less than last year, but that the price ought to be better than twenty-five cents.

SPRAY FOR DORMANT SEASON

Bluestone Is Excellent Fungicide for Grapevines to Be Applied During Cold Weather.

Get out the barrel spray pump and dissolve one pound of bluestone in 25 gallons of water. Spray the grapevines with this. This material cannot be used when the plants are in leaf, but it is an excellent fungicide for the dormant season and every grapevine should have an application during the winter. Where the screening arbor is thick give it a good spraying and do not neglect to spray the posts and supports so as to get any spores that may be lurking there during the winter season.

I will be in Rushville every week at Scanlan House.

Letting George Do It

In the opinion of the average foreign country America is one vast hive of agricultural industry.

They seem to think that all they have to do is to ask and we will hand over the food.

America has been generous in the past in dividing its food supply with Europe, even when we had to deny ourselves to do it. But the war is over and war conditions and necessities no longer exist.

The American farmer is very short of help and crop outlooks are not of the best, according to published reports.

Experts predict a shortage of foodstuffs next winter, with the possibility of bread and soup lines in the cities of our own country.

If this should happen Europe can not expect us to meekly hand over the food we need to sustain life among our own people.

Exporting profiteers would of course take advantage of this and send food to Europe at enormous gains to themselves. But the public will not have it so. If such is at-

STOP ITCHING SKIN

Zemo, the Clean, Antiseptic Liquid, Gives Prompt Relief

There is one safe, dependable treatment that relieves itching torture and that cleanses and soothes the skin.

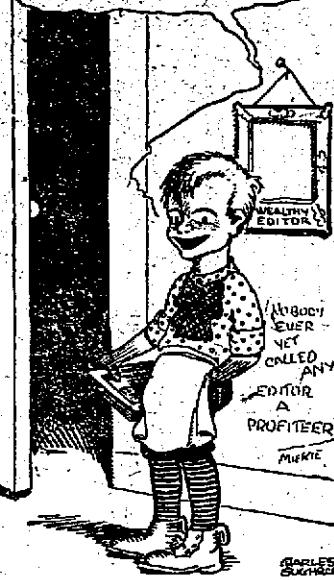

Ask any druggist for a 35c or \$1 bottle of Zemo and apply it as directed. Soon you will find that irritations, pimples, blackheads, eczema, blisters, ringworm and similar skin troubles will disappear.

Zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes most skin eruptions, makes the skin soft, smooth and healthy.

tempted the roar of protest will be long and deep and will engulf any person who attempts to starve American women and children for the sake of selling to Europe at great personal profit.

America asks neither alms nor favors from any country.

We are ready to relieve distress across the water when conditions and humanity permit, but we are not willing to send our own people to bed hungry in order to do it.

Europe can work and produce if it will. It should quit piddling and squabbling and cultivate that will.

"Letting George do it," doesn't appeal strongly anymore, especially when we are expected to make of ourselves a universal and perpetual George.

Idle Tractors Rusting

Refusal of the War Department to make its unused tractors available for the use of State Highway Departments was criticized recently by Representative G. F. Reavis of Nebraska who stated that at the close of the war the Department found itself in possession of approximately 6,800 tractors of 5 and 10 ton capacity. The Federal Highway Commission estimated that it could use 1200 of the 10-ton tractors in its work in co-operation with the States. Practically all of the tractors were brought back to America,

asserted Mr. Reavis, and "since their return they have been standing in the open scattered widespread across the United States without protection from that day to this. Every effort to get them turned over to the Highway Commission has met with utter failure".

An advertisement conveys the startling information that silk stockings are coming down. Shocking, shocking—but where?

Of course we Americans have to admit that we are just a little bad, but there's consolation in the thought that we learned our naughtiness from others.

The handsomest nobleman in England is being sued for divorce. His wife says his beauty is only skin deep, and his "nobility" appears to be by act of the king and not of the Lord.

When every man takes up the study of political economy we will have more economy and less politics.

Prophets insist that clothing and food are coming down. As far as the clouds, probably.

Our Daily Laugh

New and Bright Yarns That Will Tickle You and Will Be Relished by Your Friends When You Repeat Them.

Some alleged I. W. W.'s were up before His Honor the other day. All were given the usual sentences for vagrancy excepting one who, when his turn came, declared that he had already served a job and that allowed his master would be an work for him.

Do you want to know what the I. W. W.'s are? They are the men who are trying to make the world a better place to live in.

IS LEADING WOOD IN WEST VIRGINIA

Senator Howard Sutherland Has Majority of 3,000 Fourth of Precincts Heard From.

VOTE STANDS 9751 TO 6841

Wheeling, W. Va., May 26—Returns from yesterday's state-wide primary election in West Virginia, being compiled here by the Intelligencer, showed early today that Senator Howard Sutherland continued to lead Leonard Wood for the Republican presidential preference. With 443 precincts out of 1,860 in the state tabulated the vote stood Wood, 6,841; Sutherland, 9,751; William G. Webster, New York, 47.

No names were printed on the ballot for the Democratic presidential preference, and while voters had the privilege of writing in the name of any candidate they favored, not a vote for the office was reported from 443 precincts.

Only 303 votes separate two candidates for the republican nomination for Governor on the face of the returns from 443 precincts. The vote was: S. B. Montgomery, Kingwood, 13,447; E. F. Morgan, Fairmount, 13,144; F. P. Grosscup, Charleston, 8,206.

The 443 precincts gave for the democratic gubernatorial nomination: A. B. Koonts, Charleston, 4,899; A. B. Littlepage, Charleston, 3,768.

Johnson Gains in Oregon.

Portland, Ora., May 26—Returns including complete official figures from six of Oregon's thirty-six counties, unofficial complete returns from twenty-one and part unofficial figures from others, tabulated today from Friday's republican presidential preference primary, gave

The milk pail tells what sort of care the cow has had.

It isn't easy to determine which is worse—millionairism or militarism.

Most every bad thing has some good points, one exception, however being cats.

One thing is sure—you don't have to look far to find some one to tell you something.

A good business man could run this country for about half what it costs now, and run it better.

Hez Heck says: "Some wives are afraid other women will steal their husbands, and other wives wish they would."

Senator Hiram W. Johnson of California, a lead of 1,991 votes over Leonard Wood, his closest opponent.

Aspiration.

An aspiration is a joy forever, a possession as solid as a landed estate, a fortune which we can never exhaust and which gives us year by year a revenue of pleasurable activity.

—Robert Louis Stevenson.

Nuts Grown in United States.

About the only nuts that have been so far raised in this country, on a large scale are the English walnut and the almond, the former mainly in southern California, the latter in central California, also the pecan in the southern states. The culture of the pecan has by late become an important and exceedingly profitable industry in the South.

**COMPLIMENTS PAID TO
NEW PRINCESS OWNER**Large Crowd Attends First Show
Offered Since Theater Was Re-
modeled And Enlarged.**SPECIAL MUSIC PROVIDED.**

Walter F. Easley, manager of the Princess theater, received many compliments on the remodeled amusement house on the occasion of the opening last night. Only the lower floor was open last night, and a formal opening will be held later when the balcony is ready for use. When completed, the Princess will seat almost one thousand people. The north room of the Masonic building and the room formerly occupied by the theater have been made into one large auditorium. The decorations, the lighting system and all of the appointments make it a most attractive place and one of which all Rushville people will be proud.

Mrs. Chamberlain at the piano and Martha Winkenhofer who plays the violin, both of Indianapolis, provided the music last night and will be here again tonight.

Mr. Easley announced today that the prices, 15 and 25 cents, which were charged last night, will not be the regular price, but that it will be governed by the kind of a program offered.

Another Royal Suggestion**COOKIES and SMALL CAKES**

From the New ROYAL COOK BOOK

Cream shortening; add sugar and well-beaten eggs; beat well and add milk slowly; sift flour, baking powder, salt and cocoa into mixture; stir until smooth, add vanilla. Put one tablespoon of batter into each greased muffin tin and bake in moderate oven about 20 minutes. Cover with boiled icing.

Orange Cakes

4 tablespoons shortening

1 cup sugar

1/2 cup milk

1 egg

2 cups flour

1/2 teaspoon Royal Baking

Powder

1/2 teaspoon salt

1/2 teaspoon orange extract

Cream shortening; add sugar slowly, beating well; add milk a little at a time; then add well-beaten egg; sift flour, baking powder and salt together and add to mixture; add flavoring and grated orange rind; mix well. Bake in greased shallow tin, or individual cake tins, in hot oven 15 to 20 minutes. When cool cover with orange icing.

New York City

"Bake with Royal and be Sure"**ARE GIVEN UNTIL JULY
1 TO BE REINSTATED**

Former Soldiers Can Yet Take
Advantage of War Risk Insur-
ance by Making Application

PAY TWO MONTHS PREMIUMS

Former Service men, who held war risk insurance, but dropped it, are still given time to become reinstated, and are required to pay only two months premiums to become reinstated. Many Rush county men who took out the war risk insurance have dropped out, and have neglected to make application, and the government in a notice received here calls attention to the fact that reinstatement may be made until July first.

Director R. G. Cholmeley-Jones of the Bureau of War Risk Insurance announces that applications for the conversion of war risk insurance into the permanent government life insurance aggregate 133,242 or more than \$400,000,000. An analysis of the 122,810 applications, which have been approved, shows the plans of permanent government life insurance and the modes of paying premiums that have been selected by former service men.

Regardless of how long a service man's insurance has lapsed or been cancelled, and regardless of how long he has been discharged from the service, a special ruling permits him to reinstate it at any time before July 1, 1920 upon application and payment of only two monthly premiums on the amount of insurance he wishes to reinstate, together with a satisfactory statement of health.

BOOST BETTER BUSINESS

160 Manufacturers Gather in In-
dianapolis to Promote Interests

Indianapolis, Ind., May 26.—Stronger business relations between manufacturers of middle western cities and those of the south is the object of a visit to this city today of approximately 160 business men of five South Atlantic ports. The group is touring middlewestern cities with the dual purpose of promoting better relations and of urging the use of the ports they represent by mid-west manufacturers for foreign shipments.

Among those in the delegation were Governor Bickett of North Carolina and R. Goodwin Reed, formerly president of the United States Chamber of Commerce.

UNDERGOES OPERATION

Mr. W. H. Stevens of Martinsville underwent an operation this morning at the Dr. Abbott Hospital. Dr. and Mrs. Lewis arrived here yesterday and Dr. Abbott performed the operation, providing state-of-the-art medical care.

MAPLE SUGAR CROP FALLS OFF

Washington, May 26.—Bad news for lovers of syrup and "a stack o' wheat" came today from the Agriculture department which announced that maple syrup production for 1920 was only 3,606,000 gallons. Production last year was 3,845,000 gallons. Production of maple sugar was 7,529,000 pounds compared with 10,169,000 in 1919.

POLAND HOG MEN TO MEET

Rush county farmers interested in Pure Bred Poland China hogs are invited to attend meeting and demonstration Friday afternoon at one-thirty o'clock at the residence of Glen Kirkham, in Center township. J. W. Schaub of Purdue university will be present and take part in the meeting, and breeders are urged to be present.

SHINOLA**The Dort Automobile**

THOUSANDS who have formerly paid more are finding in the Dort all the essentials of a serviceable and satisfactory automobile.

Thousands who have formerly paid less are enjoying a much desired difference in looks, comfort, convenience and pride of possession.

Those two motor-learned groups among Dort owners have doubtless greatly influenced the high esteem which the public so apparently holds for this good car.

The Dort is light, strong, simple, sufficient and sells at a sensible, attractive price.

CELEBRATION AT SPICELAND ENDS

Observance of Academy's Fifteenth Anniversary of Corporate Existence Closes Today

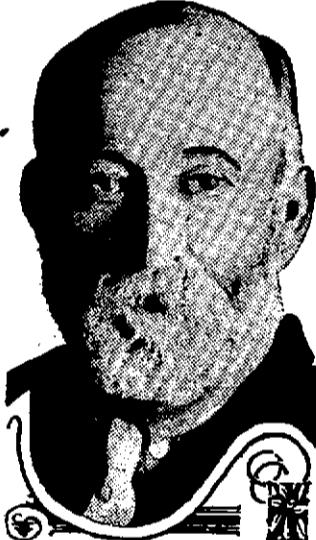

GRADUATION EXERCISES HELD

Has Humble Beginning in a Log House in 1826, Supported by The Friends Church

Spiceland, Ind., May 26.—With a humble beginning a one-room log house in 1826, Spiceland Academy, an educational institution supported by the Friends church, celebrated the fiftieth anniversary of its corporate existence, beginning Sunday and ending today. The academy has an interesting history, and in the observance some of the leading events in connection with the institution were portrayed by a pageant in which members of the graduating classes took part. The existence of the academy has not been without a struggle, and many times it has faced serious difficulties, only to have them overcome by loyal supporters. The academy is not large, but it numbers among its alumni many prominent persons.

Mrs. Jennie Berkley is seriously ill at her home in North Harrison street.

R. A. DENNISON, of Los Angeles, owner and trainer of fine trotting horses, who says Tanlac put him right back on his feet again, after he had been in bad health for over a year. Declares he is feeling like his old self now.

"For the past year or more I have not been right physically; I just didn't feel good at all, but last April 22nd, I had an awful attack with my stomach which nearly drew me up and I have been worse ever since."

"About the best way I can describe the way I felt is to say I was just leg-weary and all in. I really did not have strength to keep going and I gave up all idea of trying to work. For a long while I had no appetite but would eat anyhow though my food never seemed to do me any good."

"I would go to bed at night and would sleep but apparently did not rest for I would get up just as tired as when I went to bed. I got so I could scarcely go a block but what I would have to stop and rest."

"Well, I read about Tanlac one day and that reminded me that a friend had spoken about the same medicine, so I got some and began to take it. I had been taking it about a week when one evening, after supper, I started to walk and before I realized it I had walked up to First street and back, about 14 blocks, and never felt it at all and then I realized that the tonic was helping me."

"I have taken four bottles now and am just feeling real good again. I am able to be back at the Exposition Stock Yards every day and have just as much energy as I ever had. I get up refreshed in the mornings now and I have a real appetite which makes me enjoy three good square meals every day. Anyone who needs a good tonic will certainly be satisfied with Tanlac and I am glad to recommend it to my friends."

The above statement was made recently by R. A. Dennison, a well-known owner and trainer of fine trotting horses, residing at No. 214 East 8th St., Los Angeles, Cal. Mr. Dennison has lived in California for 32 years; he is 63 years of age and has followed his present line of business for 30 years. He is well-known on the Pacific coast.

Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dallas Copper, in Manilla by Geo. J. Llewellyn, in Arlington by Mrs. L. T. Davis, and in Carthage by Otto C. McAlary. (Adv.)

ASSEMBLY PLANS ABOUT COMPLETE

Continued from Page One
Grant Hadley, harpist, and consists of seven persons, including a soprano, tenor, contralto, violinist, cellist and pianist. In addition to vocal quartets and instrumental trios, they also offer many solo numbers as every member of the company is recommended as an artist.

The Hadley company will also be here Monday and will provide a concert either afternoon or evening. On the other program for that day they will give the prelude and a representative of one of the two political parties will speak, provided it is decided to have two political days.

Tuesday Flechtl's Alpine Singers and Yodlers will return for two engagements, giving the preludes on both afternoon and evening programs. They were here last year and many people not realizing the character of the entertainment, did not attend. They regretted afterwards, however, that they did not hear the Yodlers because they were said to be one of the most attractive organizations ever appearing at the assembly.

Dr. Charles Tindley will lecture Tuesday afternoon and in the evening Mrs. Mable Quam Stevens, who has been at the chautauqua before, will deliver a lecture. Mrs. Stevens is an interpreter of Bible themes and how delightfully she does it, all who heard her before will testify. Mrs. Stevens is a big attraction at Winona and there is little doubt but that she will be greeted by a big audience here.

Mr. and Mrs. Ongawa, Japanese actors and musicians, will appear twice on Wednesday with a musical and dramatic program of the far east. This is a feature which has attracted unusual interest on the lyceum and chautauqua platforms because it is so different from anything ever offered. They will give a short prelude in the afternoon and a full program at night.

On Wednesday afternoon Father John Palubicki will lecture. His lectures are described as eloquent and scholarly. Father Palubicki's work during the war won wide recognition for him and his lecture on "Enthusiasm For American Ideals" has been widely quoted and has inspired hundreds of thousands of people.

The Florentine company, an organization of four musicians and entertainers, will offer the preludes on Thursday's program and Strickland Gillian will speak in the afternoon and Mrs. William Skidler in the evening.

The Florentine musicians include an accordion soloist, a humorist, violinist and an accompanist and soprano. It is recommended as an all star company, versatile in a high degree and presenting programs of popular numbers that win instant attention.

Strickland Gillian, the humorist, is known to every person who has been attending the Rush county chautauqua in late years. A few years ago he was here one evening and the way he kept the audience in laughter all the time will not soon be forgotten. The fact that this is his sixteenth summer in chautauqua work testified to his popularity.

Mrs. (Dr.) Lena K. Sadler, whose husband is also a physician and lecturer, delivers health lectures in an attractive way and offers constructive advice on many daily problems of the average person.

The Davies Light Opera company will give two programs on Friday, which will also be a political day if the arrangement to have both political parties represented at the chautauqua, is carried out.

The Davies company has been at the Rush county chautauqua before and will be remembered by many people. The organization is composed of nine people, all soloists of ability. They give popular light operas in English. The organization is headed by Harry Davies, who has won fame as a tenor in many grand opera productions.

The Crawford Adams company, a musical and entertainment trio, consisting of a reader, violinist and pianist, will provide both programs on Saturday. Mr. Crawford plays popular airs on the violin, answering to all the whims of the audience with grace and ease.

On the closing Sunday the Garner Jubilee company, said to be the best company of colored singers before the chautauqua this year, will appear twice, offering a prelude in the afternoon and a full concert at night. In the afternoon Roy L. Smith, a popular lecturer, will speak.

The Ladies Aid Society of the Main Street Christian church held their regular meeting yesterday afternoon in the church parlor. Following the regular routine of business the members enjoyed a social hour during which they sewed on carpet rage.

Amusements

Fox Comedy at the Mystic

"Molly and I," based on Frank R. Adams' novel "Molly and I and the Silver Ring," is being shown at the Mystic Theatre today with Miss Shirley Mason as the star. "Molly and I" is said to be a charming comedy in which this delightful star finds abundant opportunity to demonstrate her right to the description of "pounds of pep, personality and prettiness."

As is usual in Fox productions, a cast of well-known artists supports the star. In this instance Albert Roscoe plays opposite Miss Mason, while the balance of the company is said to be consistently good. The picture was directed by Howard M. Mitchell, who has directed several big screen successes for Fox Film Corporation.

Olive Thomas Here Today

The charm and mystery of a girl of the Old South is delightfully portrayed by Olive Thomas in her newest Selznick production, "The Hoofer," which is at the Princess today. In order to carry on this work the people of Indiana will be called to the home service and social work to which the Salvation Army is giving so much attention now.

Lawton has nearly completed his training and next month will be duly commissioned as a graduate in the profession of mercy and service. He speaks on practical labor problems and deals with actual everyday affairs in a human way. He is the pastor of one of Chicago's largest institutional churches and dresses large audiences each Sunday.

More wholesome and innocent roles never have been assigned this lovely little star since she won her way into the hearts of her admirers by the winning characteristics of "The Little Minister." She has been born into the ranks of the nation's leading actresses.

All Learn Judo-Jitsu

Japanese children begin judo-jitsu in their earliest years, and it is a system of physical culture, discipline and ethics based upon the principles of self-defense and offense.

Exercises are given to give strength and agility to the limbs, and after the pupils have learned the art, they are taught to defend themselves when attacked.

At present, judo-jitsu is taught in a few schools in the United States, but it is rapidly spreading.

**Scientists Make
New Castor Oil
Really Tasteless**

**Remarkable Process Improves
Famous Old Family Remedy**

Nobody ever dreamed that castor oil could be made tasteless. But the chemists of Spencer Kellogg & Sons, Inc., one of the largest manufacturers of castor oil, tackled the problem succeeded in perfecting a process by which the taste is absolutely removed. Today everybody can take castor oil easily, for Kellogg's tasteless Castor Oil is really tasteless. Nothing is put in to disguise the taste. Strength and purity are unchanged. Curative, healing, and soothing qualities remain the same. It's the same good, old-fashioned castor oil that your doctor always prescribes, with the taste removed. Children take Kellogg's Tasteless Castor Oil easily. No bribing or coaxing. You can now get Kellogg's tasteless Castor Oil at all good druggists. Do not accept substitutes if you want a really tasteless castor oil. Insist on Kellogg's Tasteless Castor Oil. Two sizes, 25c and 50c.

Rosy Cheeks & Satin Skin

Because of her rosy cheeks and satin skin a woman attracts the admiration of all men. When the

young woman peers in her glass, she may see pimples and blotches and she immediately goes

to the drug store for paint, powders and beauty creams, when she should go there for a blood medicine and stomach alterative known as "Golden Medical Discovery." This vegetable tonic and blood alterative clears the skin, beautifies it, increases the blood supply and the circulation, while pimples, boils and eruptions vanish quickly. Ask your nearest druggist for Dr. Pierce's Golden Medical Discovery in tablet or liquid form or send 10c. for trial package of tablets to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y.

HUPMOBILE ownership does carry with it something deeper, more intense than just mere satisfaction.

I Don't Believe That

there is a car on the market today selling for less than \$2000 that can compare with the Essex. I have driven one about 7,000 miles and had very little trouble with it, and most of my trouble was caused by own carelessness. I have added to this car about \$150 in extras, and I am now asking \$425 less than the price of a new car, which would be \$1470. I think it is worth that much to anybody that wants a good, serviceable and speedy car, but if you are interested and think that you want this car, make me an offer and perhaps we can come to terms. Address "Turk," care of this office—Adv.

DIFFICULT OPERATION PROVED SUCCESSFUL

Springfield Physician Kept Two Bones Alive For Fifty Days, Applied to Skull

BURIED IN THE HUMAN BODY.

Springfield, Ill., May 26.—An operation on a boy's skull marking a new departure in medical science, was performed here recently by Dr. G. N. Kreider, a local physician.

The boy, 5 year old John W. Wilson, was kicked by a horse and his skull fractured. Two large pieces of bone were driven into the lad's brain and a considerable portion of the brain substance lost.

Doctor Kreider removed the two pieces of bone and "planted" them in the flesh of the patient below the lower rib on his left side. By doing this the bones were kept alive for replacement in their original position after the wound in the boy's head healed. Fifty days after the skull had been fractured the bones were removed and replaced in the boy's skull. The wound has entirely healed and the lad is hale and hearty. An injury, such as he received causes death in many cases.

Lower California Cattle.
In addition to cattle, many excellent mules are raised in Lower California. Horses are rarely used. The faithful burro is the principal means of transportation. Except for a few thousand in La Fronteria, there are no domestic sheep in the country. In the southern part there are numerous flocks of goats. The largest cattle ranch on the peninsula comprises almost 1,000,000 acres.

NEW LIFE

Like the Bulgarians, You Can Feel 10 to 20 Years Younger

The wonderful vitality of the Bulgarians is due to the liberal use of their famous pure herb prescription.

Everyone can add years to their lives by taking Bulgarian Blood Tea once or twice a week.

Millions today are using Bulgarian Blood Tea to ward off disease and old age—they include happy girls budding into womanhood or women crossing precarious thresholds of life, recovering strength and vitality, the blood becomes rich and pure, and the name of life returns to those who were once "old."

Each distributor is authorized to return the full purchase price if it does not improve your health in three weeks' time. This evidence of faith in the power of Bulgarian Blood Tea is the guarantee of the Marvel Products Co., Marvel Ridge, Pittsburgh, who authorizes this public announcement.

Rushville spent Sunday as the guests of Mr. O. Williams and family.

Mr. and Mrs. Del Cameron had as their Sunday guests Mr. and Mrs. Nave, Edward Nave, Lucy Webb, Mrs. Olive LaRue of Connersville and Mr. and Mrs. John Ricketts and son Garrett.

The graduating classes of 1900 and 1901 of the New Salem High school held their regular meeting Friday evening at the home of Mr. and Mrs. Willard King. A bounteous pitch-in supper was enjoyed by all and later in the evening ice cream and cake were served. The evening was enjoyed in singing old school songs and music on the Edison. The only out-of-town guest was Miss Katherine Hunt of Indianapolis.

CLEVELAND SIX

It Makes Thousands of Friends by Its Every-day Performance

Men and women, everywhere, have acclaimed the Cleveland Six a winner. It has won thousands of them, and they are enthusiastic in its praise. It has won them because it brings them so much more of the pleasure of driving, such ease of driving and such unusual comfort.

The Cleveland has made its friends, too, because of the extraordinary performance of the Cleveland motor, developed through three years of tests in the laboratories and shops and on the road before being offered to the public. It has life, pick-up, power and endurance that you cannot find in many cars.

Cleveland bodies are of most graceful, dignified design, handsomely finished and upholstered in genuine hand-buffed leather.

Come in and see the Cleveland Six. Ride it yourself. Then you will know just how good it is.

STATE LEGION TO MEET JUNE 28 TO 29

To be Most Momentous Convention in History of Organization—To Discuss Important Questions

WILL BE HELD IN VINCENNES

Legion Expects to Adopt Some Policy Toward Erecting Memorial to Memory of Ex-Service Men

Vincennes, Ind., May 23.—All indications are that the state convention of the Indiana department of the American Legion which will be held here on June 28 and 29, will be one of the most momentous in the history of the organization. Several important questions will be placed before the delegates for solution, chief of which will be the Legionnaires' attitude toward recognition by the State of Indiana.

Inasmuch as the state has promised to reward the former service men by erecting a memorial building, dedicated to their memory, it is thought some expression of policy will be adopted by the Legion on this proposition. The Legion has taken a prominent part in the agitation for such a building, chiefly because the members feel that the state should recognize the part played by the men while in the service, and also because it will serve to retain American Legion national headquarters in the state.

It is expected, however, that a special session of the Legislature will be in sight by convention time, and, according to the pledges made by the legislators little difficulty is anticipated in bringing about satisfactory legislation on the memorial. Many of the other states have found themselves confronted with a demand for readjusted compensation from former service men, and it is probable that if some action toward recognition is not taken before June 28, some of the delegates

will be given over completely to the visiting delegates during the two days' convention and plans are being rushed forward now for their entertainment. Official headquarters of the national and state officials will be maintained in the Y. M. C. A. building, and the "Y" gymnasium will be converted into barracks for the Legionnaires. The rest room will be devoted to the women members of the auxiliary who are expected to accompany the delegates.

All of the civic organizations, such as the Y. M. C. A., K. of C. Rotary Club, Chamber of Commerce, War Mothers, Women's Relief Corps, G. A. R., D. A. R., Fortnightly Club and the various fraternal societies are banding together to entertain the visiting service men.

Among the notable attractions will be Sousa's Great Lakes band to which many of Indiana's former service men belonged while in training at Chicago. A number of other bands will also be present. A parade of the delegates will be held on the first day of the convention and the order of the day calls for civilian dress with the exception of those members who are still in service.

An American Legion Fair will be held at Harmonie Park, where all kinds of athletic contests will be open to Legion members. One of the features of the carnival will be an amateur boxing contest to decide the fistie championship of the Indiana department.

Word from L. Russell Newgent, state adjutant, shows that all of the 290 posts in the state are preparing to send their allotted delegations to the convention, and steps are being taken by the local committees to provide facilities for housing and feeding the huge number of visitors expected.

BRITISH QUEEN IS 53

Big Value in Tires for The Smaller Cars

Back of the manufacture of Goodyear Tires for the smaller cars is the same purpose to supply high value in the product that is behind the manufacture of the Goodyear Tires that equip the most expensive automobiles built.

This purpose is expressed by the enormous resources, extraordinary skill and scrupulous care applied to the manufacture of Goodyear Tires in the largest tire factory in the world devoted solely to the 30x3-, 30x3½, and 31x4-inch sizes.

The effect of this endeavor is noted in the fact that last year more cars using these sizes were factory-equipped with Goodyear Tires than with any other kind.

It is also noted in the fact that if you own a Ford, Chevrolet, Dort, Maxwell, or other car requiring one of the sizes mentioned, you can secure Goodyear Tires and Goodyear Heavy Tourist Tubes at the nearest Goodyear Service Station.

30x3½ Goodyear Double-Cure \$23.50

Fabric, All-Weather Tread

30x3½ Goodyear Single-Cure \$21.50

Fabric, Anti-Skid Tread

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water-proof bag. \$4.50

DOUGHNUT GIRL NOW LEADING CIVIL WORK

INDIANA GIRL WHO FRIED FIRST
SWEETS IN FRANCE LEADS
SALVATION ARMY WORK
IN NEW YORK STATE.

OSWEGO CITIZENS BACK HER

Indianapolis, — (Special) — From the envied position of the girl who fried the first American Salvation Army doughnut in France Adjutant Helen Purviance, an Indiana miss, has advanced to the place of "leading citizen" of Oswego, N. Y.

Miss Purviance, who is widely known in Indiana for her work with the Salvation Army in this state, was born in Huntington, Ind., and her parents now reside in Warren. She joined the Army as a soldier, May 17, 1906, in Washington, Ind., and became an officer in 1908. She was in charge of a local corps at Oswego, N. Y., when this country stepped into the war and she applied for work overseas, winning fame as the "first doughnut maker."

Adjutant Purviance is now back in Oswego, doing civilian relief work and every one in Oswego is happy. During the war her absence was so strongly felt that at the time of the Salvation Army Home Service Appeal last year the citizens of Oswego promised they would give their utmost to support the work if Adjutant Purviance could be returned to her work among them. This was done and Oswego expects to make its response to Home Service one that will rival that of the leaders.

The Salvation Army in Indiana will hold its Home Service Appeal from May 10 to 20. Major Arthur C. Robinson, chairman of the executive committee managing the appeal, de-

Many Are Way Behind

Q Farmers are way behind in planting and farm work because of the continued wet weather.

Q Housewives are also behind in their spring clean up, but our plant is running daily regardless of the weather. Rugs and carpets are cleansed, dusted, scoured or vacuum cleaned every day by us, and our work will help anyone who is lagging behind on account of the weather.

The XXth Century
Cleaners & Pressers

FEED THE FISHWORMS

Washington, May 26.—If you find fishworms in your early spring garden, don't be discouraged—instead be glad. Thus advised the Extension department today in a "garden bulletin." The fishworms help fertilize the garden by eating dead plant material.

They are also good for the garden.

They help feed your plants.

Winner of 1919 Race

Will Start on May 31

Winner of last year's 500-mile race, Howard Wilcox has affiliated with the Peugeot team, in the 500-mile jaunt for \$50,000 to be staged at the Indianapolis Motor Speedway, Monday, May 31. Wilcox will team with the famous Goux and Boillet. Howdy is popular with the thousands of racing fans who flock to race courses to watch the gasoline charioteers ply their trade. The wiseacres say the winner of the 1920, Indianapolis Speedway race will have to defeat the Peugeot team.

Lock The Barn Against Fire

Best practice in barn building today is to make the **MOW FLOOR FIRE-PROOF**. That will prevent a stable fire causing loss of feed above or fire in the mow endangering animals below.

You use concrete now for stable floors and walls because you want warmth, cleanliness, ease of cleaning and permanence. Go a step further—safeguard your investment. Build a concrete mow floor for insurance against fire. This is good practice. You can see plans of this and other horse barns at our office.

REPUTATION AS A WORKING SENATOR

James E. Watson, Though Gifted and Widely Known as a Senator, Does Not Talk Much

TRIBUTE OF A MAGAZINE.

National Tells of New Laurels He is Winning in Working For Protection of Home Industry

(Special to the Daily Republican.)

Washington, May 26.—Senator James E. Watson is widely known throughout the country as a wonderfully gifted orator, but in the Senate he is known among his colleagues as a "working senator", rather than a "talking senator". He seldom speaks in the Senate, but every day finds him hard at work in committee rooms whipping legislation into shape for presentation to the Senate. There is a feeling among the people that there is too much talk in Congress. This indictment does not apply to either Indiana senator. They are working senators.

A current number of the National Magazine makes complimentary comment on Senator Watson's work in the Senate. It tells of the new laurels he is winning as a worker for legislation to protect home industry. Referring to Senator Watson's work as acting chairman of the Senate Finance committee, which has been drafting some protective measures for some of the country's new industries, the National Magazine commented:

"Among these is the dye bill to regulate the importation of coal-tar products, etc. This bill has for its purpose the protection of the great American dye industry which sprung up during the war. The Watson subcommittee held hearings daily for many weeks on this question, which is very technical in its nature, because it goes into abstruse problems of chemistry and its functions not only in the production of dyes, but medicines and technical scientific research problems.

"Senator Watson has been quoted as saying that the dye industry has been, on the one hand, the backbone of German commerce; on the other hand, it has been the method of German skill as a military power in the development of poisonous gas in warfare."

"Work of this kind, of course, is the grinding labor of the committee room; it does not have any of the embellishments which ordinarily come to the man in public life who is a gifted speaker. The correct solution of the dye problem, however, is of tremendous importance to present and future American business. As an ardent believer in the policy of American protection, Senator Watson hopes to see the American dye industry established on a firm basis which will, in the future, give this business to American industries and not to German interests as it existed prior to the war.

"This same sub-committee on finance has had extensive hearings on a large number of other bills affecting American industries which require an immediate tariff protection for their continued existence. These bills include measures placing special import duty on tungsten, which is an important product in the manufacture of steel; on zinc produced in several mining centers of the United States which are now depressed because of the absence of adequate import duties. Magnesite, laboratory glassware, pearl buttons and other like commodities are also affected by special tariff bills considered by the sub-committee of which Senator Watson is chairman.

"While the Indiana senator has the reputation of being one of the most attractive and engaging public speakers, it is not so well known that he is a vigorous worker in the committee rooms of the Capitol, where legislation is actually framed and drafted and where there is little

Foley's Honey and Tar COMPOUND

LOOSENS THE PHLEGM AND MUCUS, clears the air passages, cools inflamed and irritated membranes with a healing and soothing demulcent, eases hoarseness, stops tickling in the throat and makes refreshing, restful sleep possible.

Relieved La Grippe Coughs

Lewis Newman, 5054 Northwood St., Charleston, W. Va.: "I am glad to tell you that Foley's Honey and Tar is the best remedy for long trouble I have ever used. I have been taking it ever since January and just don't feel any good except when I do. I had the grippe last winter and took five bottles of Foley's Honey and Tar. I needed six bottles. I am glad to say I can't feel any more cold in my chest."

Foley's Honey and Tar Compound gives prompt relief from coughs, colds, hoarseness, tickling throat, whooping cough, spasmodic croup and bronchial asthma.
